

PROTEK POWER NORTH AMERICA

FOR IMMEDIATE RELEASE

INDUSTRY LEADING POWER RATING - 180W DESKTOP POWER SUPPLY

March 25, 2008 - Hudson, MA - Protek Power North America announces the PUP180 Series of CEC and Energy Star Level IV Compliant AC/DC desktop power supplies, which provide an industry leading 180W of power.

Lightweight and in a compact 6.69" x 3.35" x 1.60" convection cooled package, the PUP180 is ideal for today's high powered applications such as monitors, computers, networking equipment, test equipment, printers and more. The PUP180 Series specifies a power factor corrected universal input and single output models.

Comprehensive protection circuitry including overvoltage, short circuit, and thermal protection is standard. Units draw less than 0.5W of power at no load and achieve average efficiencies of 85% to 87%. The supplies are

UL/CSA/TUV safety certified to worldwide EN60950-1 standards, are CE Marked, and are compliant with RoHS requirements. Quality design/manufacturing, high efficiency and high MTBF make the PUP180 Series a perfect choice for critical applications.

The PUP180 Series has an outstanding price to performance ratio, starting at \$60.50 in OEM quantities, with delivery from stock to 8 weeks ARO. Full specifications are available on-line at www.protekwerna.com or contact our Sales/Technical Group at sales@protekwerna.com or (978) 567-9615
